

QGIS Application - Bug report #21371

Layer styling Mesh layer does not respond to change of Color ramp (first time)

2019-02-25 12:01 PM - Richard Duivenvoorde

Status:	Open	
Priority:	Normal	
Assignee:	Peter Petrik	
Category:	Data Provider/MDAL	
Affected QGIS version:	3.7(master)	Regression?: No
Operating System:	Linux	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 29188
Description		
To reproduce:		
<ul style="list-style-type: none">- load an nc file- make sure the Layer Styling panel is visible in QGIS- after loading the nc file (and seeing it in default Color ramp)- use the little dropdown arrow to the right to change it to another (predefined) ramp- the classes/colors do NOT change		
BUT: if you click the 'Load' button once, the new color ramp is used		
AND after that changing of the color ramp KEEPS working as expected
