

QGIS Application - Bug report #21394

Annoying login postgres login window appears on QGIS 3.4.4+ and later

2019-02-26 12:18 PM - Arnaud Poncet-Montanges

Status: Closed	
Priority: Normal	
Assignee:	
Category: Authentication system	
Affected QGIS version: 3.4.4	Regression?: No
Operating System: Win 7 x64	Easy fix?: No
Pull Request or Patch supplied: No	Resolution: invalid
Crashes QGIS or corrupts data: No	Copied to github as #: 29211
Description	
<p>I encountered a bug since 3.4.4+. When logging to a qgis project, I get an undesired login windows after layers loading and repetitively happening when working on the project.</p> <p>Filling it with credentials or closing it or click "OK" has the same effect, none. Nevertheless it will be back in a few.</p> <p>I tried it with a new profile on win7 x64 with no effect.</p> <p>(QGIS on Win7 x64, osgeo4w install)</p>	

History

#1 - 2019-02-26 12:40 PM - Arnaud Poncet-Montanges

- Status changed from Open to Closed

Installation/project specific. I'll update if I see more details.

#2 - 2019-02-26 12:44 PM - Arnaud Poncet-Montanges

Probably some artefacts from QGIS 2-3 migration.

#3 - 2019-03-01 08:03 PM - Giovanni Manghi

- Resolution set to invalid

- Easy fix? changed from Yes to No

- Regression? changed from Yes to No

- Assignee deleted (Larry Shaffer)
