QGIS Application - Bug report #21427
QGIS Server Labels character problem

2019-02-28 02:56 PM - Bela Kutfej

Status:	Open			
Priority:	High			
Assignee:				
Category:	QGIS Server			
Affected QGIS version:	3.4.5		**Regression?:**	Yes
Operating System:	debian stretch		**Easy fix?:**	No
Pull Request or Patch supplied:	No		**Resolution:**	
Crashes QGIS or corrupts data:	No		**Copied to github as #:**	29244

Description

I updated QGIS Server from "http://qgis.org/debian-ltr stretch" and after that, the labels in WMS:GetMap result does not show the "ő" (hungarian) character.

History

#1 - 2019-02-28 03:03 PM - Bela Kutfej

In QGIS Desktop 3.4.5 the characters appear correctly.

#2 - 2019-02-28 03:11 PM - Alessandro Pasotti

Can you please set the corrected affected QGIS version?

- Priority changed from Normal to High

Upgrades from 2.18?

#4 - 2019-03-01 10:13 PM - Giovanni Manghi

is this a qgis server issue or a wms client one?

#5 - 2019-03-02 06:47 AM - Bela Kutfej

This is a qgis server issue. And I try to change the labels font family the qgis desktop show it fine, but the qgis server does not change the font family.

so the issue is that QGIS Server 3.4 always uses the same font? Never shows special chars in labels?

#7 - 2019-03-02 11:46 AM - Bela Kutfej

Yes.

answering to the first question, the second or both?

#9 - 2019-03-02 01:52 PM - Bela Kutfej

Both.

#10 - 2019-03-02 10:11 PM - Giovanni Manghi
