

QGIS Application - Feature request #21466

[Style] Allow partial loading/saving/copying/pasting of raster layer style

2019-03-04 11:10 AM - Harrissou Santanna

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	Symbology	
Pull Request or Patch supplied:		Resolution:
Easy fix?:	No	Copied to github as #: 29283
Description		
<p>For vector layer, it's possible when interacting with styles, to only pick parts of it, either through the Style combobox in layer properties or Style submenu in the layer contextual menu.</p> <p>None of these is possible with rasters; you always export/import the whole style.</p>
