

QGIS Application - Bug report #217

QGIS 0.8 fails to detect old automake version

2006-08-01 05:22 AM - anonymous -

Status: Closed	
Priority: Low	
Assignee: Gary Sherman	
Category: Build/Install	
Affected QGIS version:	Regression?: No
Operating System: Debian	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 10276
Description	
<p>*Ubuntu distros have two automake versions - 1.4 and 1.9. If system is set to use olde one (as my Kubuntu per default), QGIS 0.8 (revision 5654) simply fails on ./autogen.sh call without any notice about too old automake version.</p>
