

QGIS Application - Feature request #21817

Double click on selected row(s) would zoom on the feature

Easy fix?:	Yes	Copied to github as #: 29632
Description		
It would be nice to zoom on a feature when double clicking on the row number on the left of the attribute table. I know there is a shortcut (Ctrl+J) and the button on the top of the attribute table, but what about this extra shortcut?
