

QGIS Application - Bug report #2194

Icons missing from GRASS toolbox tabs

2009-12-04 12:25 AM - Paolo Cavallini

Status: Closed	
Priority: Low	
Assignee: Lorenzo Masini	
Category: GRASS	
Affected QGIS version:	Regression?: No
Operating System: All	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 12254

Description

The icons describing each command used to be visible on the tab of each open command in the GRASS toolbox. Now only the arrows between icons, not the icons itself, are visible. Difficult to move between tabs now. I think this has happened in spring 2009, during the rearrangement of the plugin

- Resolution set to fixed
- Status changed from Open to Closed

Fixed in changeset:12676

Unfortunately Qt4 does not support variable width of icons in tabs header, so the width is always expanded to the maximum icon width.
