

QGIS Application - Bug report #21981

Graduated symbology classes in histogram tab

2019-05-03 08:58 AM - matteo ghetta

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	Symbology	
Affected QGIS version:	3.6.2	Regression?: No
Operating System:	Linux	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 29796
Description <ul style="list-style-type: none">- classify a layer with the graduated symbology- Histogram tab- add some classes with the mouse directly on the histogram- back to the Classes tab- the count of the total classes (bottom right corner) is not changed even if the list of classes is correctly updated It seems a "listener" is missing when adding classes in the Histogram tab QGIS 3.4, 3.6 and master
