QGIS Application - Bug report #22057
"Load/Save" connections

2019-05-13 01:41 AM - Jonathan Moules

Status:	Open		
Priority:	Normal		
Assignee:			
Category:	GUI		
Affected QGIS version:	3.4.3	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	29871

Description

Combination of things relating to the "Load" and "Save" buttons for connections on the Data Source Manager:

1) These should be "Import" and "Export". The buttons do not "save" in the conventional use of the word as that happens automatically when you press "ok" after creating/editing a connection. Indeed, when you click on "Save" the dialog that comes up actually uses the word "Export", not "Save".

2) Not all layers have these. ArcGIS servers being the notable exceptions.
