

QGIS Application - Bug report #22058

Check for update suggests wrong option

2019-05-13 01:57 AM - Jonathan Moules

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	Unknown	
Affected QGIS version:	3.4.3	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 29872
Description		
<p>I'm using QGIS 3.4.3. This is an LTR release. If I select Check for Updates, it suggests updating to 3.6.x. What it should do is suggest updating to the latest LTR. This is what FireFox does.</p> <p>If I'm on non-LTR, then it's fine to suggest updating to a non-LTR version.</p>
