

QGIS Application - Feature request #22081

Add option to zoom to extent of saved bookmark in Map composer

2019-05-15 10:20 AM - Admire Nyakudya

Status:	Open	Resolution: Copied to github as #: 29894
Priority:	Normal	
Assignee:		
Category:	Map Canvas	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>I am using map themes and saving the extent of each map theme as a bookmark. However, when I go to the map composer I will still need to change the scale to align to the bookmark extent. This is cumbersome when I add multiple maps on the same page corresponding to a theme. If there was an option to change the extent of a map to align to a bookmark it would make it easier.</p>
