When "Font size units: Map units" option in Labels tab of layer properties dialog is selected, preview's font size should not changes, else dialog window will be unusable when big size is selected.	

#### History

##### #1 - 2009-12-10 11:01 AM - Giovanni Manghi

This was supposed to have been fixed here #1942 and here #2014 but I guess the fix didn't work out for map units.

##### #2 - 2010-01-20 04:47 AM - jekhor -

Yes, bug still exists.

##### #3 - 2010-01-20 04:49 AM - jekhor -

Window is not growed up now and main controls remains usable, but label preview is useless with map units.

##### #4 - 2011-09-21 09:32 AM - Andrew Chapman

Still there in 1.7.

##### #8 - 2012-08-12 08:45 PM - Larry Shaffer

Should be fixed with commit:547a05a

Map units now default to sample at 24 pts. Could be better with actual preview with map scale. No longer broken-looking though.
