

QGIS Application - Bug report #2312

Legend tooltips missing on loaded projects

2009-12-22 01:28 PM - John Tull

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Map Legend	
Affected QGIS version:		Regression?: No
Operating System:	All	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 12372
Description		
<p>The canvas legend has a tooltip feature that shows the file path when the mouse hovers over a layer. This used to work on OS X, but appears to now be non-functional. If others can confirm this, that would be good. I am using qt-4.5.3.</p>

History

#1 - 2009-12-22 01:39 PM - John Tull

It appears this is not an OS X specific issue. Instead, if you load a project file, the tooltip functionality is lost. New projects with loaded layers show tooltips.

#2 - 2009-12-22 01:45 PM - Jürgen Fischer

- Resolution set to fixed
- Status changed from Open to Closed

fixed in commit:69bb75fb (SVN r12587)
