QGIS Application - Bug report #2313
Node tool: new nodes are not shown until saving changes or moving the feature

2009-12-23 01:27 AM - Giovanni Manghi

Status:	Closed		
Priority:	Low		
Assignee:	nobody -		
Category:	Digitising		
Affected QGIS version:		**Regression?:**	No
Operating System:	Debian	**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	fixed
Crashes QGIS or corrupts data:		**Copied to github as #:**	12373

Description

Take a polygon vector and toggle editing. Use the node tool to add nodes to a polygon, then with the node tool select another polygon. The newly added nodes are not shown (they do not switch from red squares to circles or crosses), but if you move the feature or you save edits, then they will appear.

Tested on trunk under linux.

History

#1 - 2009-12-23 08:08 AM - Martin Dobias

- Resolution set to fixed

- Status changed from Open to Closed

Fixed in commit:33809308 (SVN r12600)
