<b>Category:</b> Rasters	
<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b> fixed
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 12507
<b>Description</b>	
It would be nice to have ability to set output pixel size for georeferenced rasters. This can be implemented in the form of a checkbox, if off, default gdal-calculated pixel size is used, if on, user can enter his values.	

#### History
