QGIS Application - Feature request #2530
add a "query manager"

2010-03-07 01:29 PM - Giovanni Manghi

Pull Request or Patch supplied:			**Resolution:**	fixed
Easy fix?:	No		**Copied to github as #:**	12590

Description

Suggestion:

in the vector properties add a "query manager", in order to allow the user write and store their preferred queries for a particular vector.
This way they will be allowed to choose the right query for a particular situation instead of having to rewrite them every time.
