QGIS Application - Feature request #2535
in "advanced search" the "%", "IN" and "NOT IN" operators are not available

2010-03-08 12:01 PM - Giovanni Manghi

Status:	Closed		
Priority:	Low		
Assignee:	nobody -		
Category:	Vectors		
Pull Request or Patch supplied:		**Resolution:**	wontfix
Easy fix?:	No	**Copied to github as #:**	12595

Description

tested with trunk under Ubuntu 9.10. Tested shapes, postgis and spatialite.

Buttons stay greyed out.

Hi,

is the "%" the wildcard? if yes it is pretty important to have it for queries. The two unavailable operators are less important.

cheers

- *Resolution set to wontfix*
- *Status changed from Open to Closed*

The buttons have been removed from the advanced search... so the problem is somehow solved, but a doubt remains: why are available in the query builder and not here?
