It happens again, apparently:

Cannot start module db.connect-login.pg.py  
command: C:/OSGeo4W/apps/qgis-unstable/.grass/scripts/db.connect-  
login.pg.py --interface-description

Replying to [comment:2 pcav]:

*It happens again, apparently:*  
  
*Cannot start module db.connect-login.pg.py*  
*command: C:/OSGeo4W/apps/qgis-unstable/.grass/scripts/db.connect-  
login.pg.py --interface-description*

Not really. Apparently you are using qgis-unstable (1.4) and not qgis-dev (trunk) which contains the fix.
