Pull Request or Patch supplied:		**Resolution:**	fixed
Easy fix?:	No	**Copied to github as #:**	12731

Description

Some tools from fTools (Basic statistics, List unique values, Nearest neighbours) alows user to copy result to clipboard by pressing Ctrl+C. But many users don't know about this feature because it is not documented, also in trunk this function is broken.

Proposed patch fixes broken copy functionality and adds an label with hint to the tools that allow user to copy result.
