

QGIS Application - Feature request #2704

Do not open a table multiple times

2010-05-11 02:57 AM - Paolo Cavallini

Status: Closed	
Priority: Low	
Assignee: nobody -	
Category: GUI	
Pull Request or Patch supplied:	Resolution: invalid
Easy fix?: No	Copied to github as #: 12764
Description	
It is currently possible to open the same table multiple times. This can cause problem if the table is opened for editing. It would seem better to go to the already open table when clicking on the attribute table icon

| *This can cause problem if the table is opened for editing.*

Which problem?

#2 - 2010-05-11 04:32 AM - Paolo Cavallini

E.g. editing multiple times: the user is unsure which is the last edit.

Replying to [comment:2 pcav]:

| *E.g. editing multiple times: the user is unsure which is the last edit.*

Why? If you change an attribute in one table dialog, the other table dialogs are also updated.

#4 - 2010-05-12 12:37 AM - Paolo Cavallini

- Resolution set to invalid

- Status changed from Open to Closed

You are right, closing it. Sorry about the noise.
