

QGIS Application - Feature request #2731

Show residual in georeferencer in map units (if possible)

2010-05-18 06:37 AM - Marco Hugentobler

Status:	In Progress	Resolution: Copied to github as #: 12791
Priority:	Low	
Assignee:	mmassing -	
Category:	C++ plugins/Georeferencer	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>The following patch shows the residuals in the gcp table in map units where possible and in pixels else. Because interpretation about the gcp errors is easier with map units, so the patch converts pixels->map units for linear transformation and helmert. For the other transformations, conversion to map units is not so straightforward, therefore they are kept in pixels.</p>		

History

#1 - 2010-05-19 02:22 AM - Marco Hugentobler

Added improved version of the patch. The transform parameters are now shown in the status bar, fixed update of georef transformation when enabling/disabling gcps in the table, fixed pdf report layout

#2 - 2010-05-23 05:52 AM - mmassing -

- Status changed from Open to In Progress

Applied in commit:4d46f190 (SVN r13553) - thanks, Marco.

I'll leave the ticket open for now, because I'd eventually like to add this functionality for the higher order transform types (linearization via jacobi matrix or numerical approximation of the derivatives), and also a config option to choose the desired units.

I think the latter is useful because reporting residuals in pixel units shows if residuals are in the ballpark of input discretization, whereas map units are useful to better get an estimate of absolute error.

#3 - 2011-12-16 01:56 PM - Giovanni Manghi

- Target version changed from Version 1.7.0 to Version 1.7.4

#4 - 2012-04-15 10:12 AM - Giovanni Manghi

- Target version changed from Version 1.7.4 to Version 2.0.0

#5 - 2012-10-06 02:34 AM - Pirmin Kalberer

- Target version changed from Version 2.0.0 to Future Release - Nice to have

#6 - 2014-06-29 06:59 AM - Jürgen Fischer

- Category changed from C++ Plugins to C++ plugins/Georeferencer

#7 - 2017-05-01 12:42 AM - Giovanni Manghi

- Easy fix? set to No

- Pull Request or Patch supplied set to No
