QGIS Application - Feature request #2749
Move "Add to Attributes List" button

2010-05-26 04:53 AM - barryrowlingson -

Status:	Closed			
Priority:	Low			
Assignee:	Tim Sutton			
Category:	GUI			
Pull Request or Patch supplied:	No		**Resolution:**	fixed
Easy fix?:	No		**Copied to github as #:**	12809

Description

In the New Vector Layer dialog the button for "Add to Attributes" is in the frame of the Attributes List. It would be better moved up into the "New attribute" frame, because it relates to the entries in that frame.

Remove Selected Attribute should stay where it is.

Its an annoyance because I expect the Add button to be close to the controls for the thing its adding.

file is qgsnewvectorlayerdialogbase.ui in src/ui
