

QGIS Application - Bug report #2769

After adding new objects to an existing .shp, the new objects don't appear on the attribute table.

2010-06-01 10:53 AM - andre mano

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Vectors	
Affected QGIS version:		Regression?: No
Operating System:	Linux	Easy fix?: No
Pull Request or Patch supplied:		Resolution: duplicate
Crashes QGIS or corrupts data:		Copied to github as #: 12829
Description		
<p>When I add new objects to an existing vector layer (shapefile), the new objects don't appear on the attribute table after i finish (and save) the changes. I have to remove the layer from the layers panel and reload it. Only then the new objects appear in the attribute table.</p> <p>It's nothing serious but it's quite inconvenient.</p> <p>Thanks</p> <p>André Mano</p>

Hi André,

this is duplicate of #2398

Reopen if necessary or eventually add your notes to that ticket.

cheers!
