

QGIS Application - Feature request #2905

New symbology: button for fill with random colors

2010-07-24 09:36 AM - aperi2007 -

Status:	Closed	
Priority:	Low	
Assignee:		
Category:	Symbology	
Pull Request or Patch supplied:		Resolution: fixed/implemented
Easy fix?:	No	Copied to github as #: 12965
Description		
<p>The New Simbology, when choose the "categorized" option, there are two method to categorized, automatically using the ramp color or manually adding one by one.</p> <p>The ramp color is very useful, but sometime, is better choice, like in the old-simbology, use a random-colors list.</p> <p>So would be nice to have even a button for automatically fill the list using random-colors.</p>
