

QGIS Application - Feature request #2909

Symbol Properties Should Allow Border Width in Map Units

2010-07-27 05:02 PM - labced501 -

Status: Closed	
Priority: Low	
Assignee: nobody -	
Category: Symbology	
Pull Request or Patch supplied:	Resolution: invalid
Easy fix?: No	Copied to github as #: 12969
Description	
When setting the border width for a polygon, or the line width for line features, the width should allow a choice of 'points' or 'map units', similar to the text size when labeling.
