<b>Description</b>	
Everything in the table widget is aligned to the left. It would be nice if this can be controlled or if numerical values are aligned to the right.

#### Revision dc905acc - 2014-05-15 04:06 AM - Nyall Dawson

[FEATURE][composer] Rework attribute tables to make tables more flexible.

- Add support for reordering columns in a table (fix #5942)
  - Add support for expression based columns
  - Add support for setting column alignment (fix #2957)
  - Add support for setting column header alignment
  - Make sorting in tables correctly handle nulls, dates, times, locale aware string sorting
- This work also paves the way for future expansion of attribute tables to allow for setting column widths, column colors, etc.
