

QGIS Application - Bug report #304

SPIT PLUGIN Cannot import shapefiles to PostGIS

2006-09-24 06:46 PM - guille -

Status:	Closed	
Priority:	Low	
Assignee:	Gary Sherman	
Category:	Build/Install	
Affected QGIS version:		Regression?: No
Operating System:	Windows	Easy fix?: No
Pull Request or Patch supplied:		Resolution: duplicate
Crashes QGIS or corrupts data:		Copied to github as #: 10363
Description		
<p>Using SPIT in a fresh installation of Quantum GIS 0.7.4, I am getting a "Problem inserting features from file:" & my shape file path.</p> <p>I am just filling the form with the path to my multipolygon shapefile, which type is well detected by SPIT before processing, the SRID is not detected, even I have the proper .prj along with my shapefile, so I introduce it; SRID 4326,</p> <p>By default public global schema and the _geom as geometry column name. Te connection is being made with postgres user.</p>

- Resolution set to duplicate
 - Status changed from Open to Closed

This is probably the same problem as for ticket #186.
