Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	13188

Description

Hi,

vertical datum support has recently been added to the trunk versions of most of the PROJ.4/GDAL/libLAS/etc toolchain. it would be great if qgis also could incorporate that newly available metadata, if present. (even if it is just on the layer preferences metadata report tab.

thanks,
Hamish
