

QGIS Application - Bug report #3192
(OS X Leopard) Print composer - font type change not working

2010-11-07 12:50 PM - zealmeida -

Status:	Closed	
Priority:	Low	
Assignee:	Marco Hugentobler	
Category:		
Affected QGIS version:		Regression?: No
Operating System: OS X		Easy fix?: No
Pull Request or Patch supplied:		Resolution: duplicate
Crashes QGIS or corrupts data:		Copied to github as #: 13252
Description		
<p>I'm not able to make changes in print composer to font type in legends and labels. It seams to be working fine with scale bar and I can change font color only in labels (but not size or type as in legends).A screencast in attachment may explain better the problem.</p> <p>Is there a way to solve this?</p> <p>The package used to install qgis was</p> <p>http://www.kyngchaos.com/files/software/unixport/Qgis-1.5.0-2-Leopard.dmg</p> <p>with all the necessary frameworks.</p> <p>Thanks!</p>		

History

#1 - 2010-11-07 04:01 PM - William Kyngesburye

- Resolution set to duplicate
- Status changed from Open to Closed

see #1752 - if not exactly the same, at least an extension of the same problem.
