Pull Request or Patch supplied:			**Resolution:**	fixed
Easy fix?:	No		**Copied to github as #:**	13267

Description

New Check Geometry tool use more pythonic style for iterating over features in vector layer

```
layer.select([])
for f in layer:
  # do something
```

But this work only with SIP >= 4.9. In OSGeo4W stack there is a SIP 4.8.2, this can cause some problems for users.

Proposed patch fixes this issue by reverting back for old-style nextFeature() call.

History

#1 - 2010-11-14 06:04 AM - cfarmer -

- Resolution set to fixed

- Status changed from Open to Closed

Applied in commit:f084b2c7 (SVN r14640).
