

QGIS Application - Feature request #3277

Master Transparency for vector layer

2010-11-30 11:22 PM - Alex Mandel

<b>Status:</b>	Closed	
<b>Priority:</b>	Low	
<b>Assignee:</b>	nobody -	
<b>Category:</b>	Symbology	
<b>Pull Request or Patch supplied:</b>		<b>Resolution:</b> duplicate
<b>Easy fix?:</b>	No	<b>Copied to github as #:</b> 13337
<b>Description</b>		
<p>When using something other than single symbol for vector display it would be great to be able to apply transparency to the whole layer. Applying transparency to 10 classes is very tedious considering the number of clicks required.</p>
