**Description**

When using a classified symbology the "feature count" option in the legend shows the feature count of every class. It would be nice to see the total feature count of the layer too.

Fixed in changeset commit:“5de2feef7d4df677dca56825bc2bb2dade4c83c7”.

#5 - 2012-11-05 02:20 PM - Radim Blazek
- Assignee deleted (nobody -)
- Pull Request or Patch supplied set to No
- Resolution set to fixed

Total feature count is now appended to layer name in the same manner as to classes.

Work done by Faunalia for Agence de l'eau Adour Garonne.

Hi Radim,
great work all you did around feature count, thanks. I tested today in ff78ef1. Total feature count seems incorrect, it seems to be minored by 1 all the time. See attached picture.

You are right, there was a bug but it was fixed in the mean time by commit:038acbc760, please try again. Thanks for testing.
