QGIS Application - Bug report #3429
Can't chose edit widget "Enumeration" for empty postgres tables

2011-01-21 12:21 PM - Anita Graser

Status:	Closed			
Priority:	Low			
Assignee:	nobody -			
Category:	Digitising			
Affected QGIS version:		**Regression?:**	No	
Operating System:	All	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	invalid	
Crashes QGIS or corrupts data:		**Copied to github as #:**	13489	

Description

It's not possible to chose an edit widget of type "Enumeration" as long as the underlying table is empty.

You can test using:

    CREATE TYPE rainbow AS ENUM ('red', 'orange', 'yellow', 'green', 'blue', 'purple');
    CREATE TABLE teste
    (
    rain rainbow,
    the_geom geometry
    );

When one line is added, everything works as expected.

According to user cremat0rio on the related forum topic (http://forum.qgis.org/viewtopic.php?f=2&t=7834) it's possible to use the following line to populate the enum widget:

    SELECT enum_range(null::rainbow);

History

#1 - 2011-01-21 02:01 PM - Jürgen Fischer

- Resolution set to invalid

- Status changed from Open to Closed

already fixed in commit:78cc7abf (SVN r15049).
