QGIS Application - Bug report #3459
Show feature count issue

2011-02-01 06:28 AM - dr -

Status:	Closed			
Priority:	Low			
Assignee:	Jürgen Fischer			
Category:	Vectors			
Affected QGIS version:		**Regression?:**	No	
Operating System:	All	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	fixed	
Crashes QGIS or corrupts data:		**Copied to github as #:**	13519	

Description

Click on layer name in TOC and check Show feature count. Uncheck this option - feature count still present.

History

#1 - 2011-02-01 06:34 AM - dr -

And feature count not updates automatically after executing Query.

#2 - 2011-02-01 07:44 AM - Marco Hugentobler

- Status changed from Open to Closed

- Resolution set to fixed

Should be fixed in commit:91296f6e (SVN r15115) (update after query seems to work here too)

#3 - 2011-02-01 04:34 PM - dr -

- Resolution deleted (fixed)

- Status changed from Closed to Feedback

After query feature count updates if uncheck and check again this option manually.

commit:feda5827 (SVN r15119)

#4 - 2011-02-02 12:35 AM - Marco Hugentobler

Hm, it is not clear to me what you mean.

I'm loading a layer, check 'show feature count', then go to the query builder and select a subset with a query (e.g. YEAROFCHANGE='1992'). The feature count updates in the legend. I'm unchecking 'show feature' and check it again and it behaves as it should.

What steps should I follow in detail to reproduce the bug?

#5 - 2011-02-02 01:01 AM - dr -

1. Open vector layer and check 'show feature count' (e.g. feature count = 10);

2. Run any query which returns 1 row. In canvas displayed 1 polygon, but in legend feature count still equal 10;

3. Uncheck this option and check it again - feature count is changed to correct value (=1).

#6 - 2011-02-02 06:39 AM - Alexander Bruy

Confirmed on Linux with commit:c56527fc (SVN r15121). When I run query from Properties-General-Query Builder all works as expected. But when I run query from layer context menu as Query bug is present - feature count is not changed

#7 - 2011-02-02 06:50 AM - Marco Hugentobler

Ah, I always did the query in the properties dialog. Thanks, I'm able to reproduce now.

#8 - 2011-02-02 01:41 PM - Marco Hugentobler

- Resolution set to fixed

- Status changed from Feedback to Closed

Ok, commit:68bd1e56 (SVN r15122) should work with the query builder from legend context too.
