

QGIS Application - Bug report #360

GRASS tools BROWSER does not automatically update.

2006-10-25 01:18 PM - mariate-forwild-umass-edu -

Status: Closed	
Priority: Low	
Assignee: Redmine Admin	
Category: GRASS	
Affected QGIS version:	Regression?: No
Operating System: Windows	Easy fix?: No
Pull Request or Patch supplied:	Resolution: invalid
Crashes QGIS or corrupts data:	Copied to github as #: 10419
Description	
<p>The list of available layers in the GRASS tools browser is only updated in the beginning of a session, when I open an existing "MAPSET".</p> <p>I tried to reopen the mapset in the middle of the session to see if that would update the BROWSER list and QGIS crashed :)</p>
