QGIS Application - Bug report #3666
GDALTools: translate does not reproject

2011-03-22 08:43 AM - Paolo Cavallini

Status:	Closed			
Priority:	Low			
Assignee:	Giuseppe Sucameli			
Category:	GDAL Tools			
Affected QGIS version:		**Regression?:**	No	
Operating System:	Debian	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	invalid	
Crashes QGIS or corrupts data:		**Copied to github as #:**	13725	

Description

When translating, an option is available to reproject the raster at the same time, but apparently it does not work

History

#1 - 2011-03-22 08:59 AM - Giuseppe Sucameli

- Resolution set to invalid

- Status changed from Open to Closed

If you tick the option "Target SRS" (a_srs), gdal_translate doens't reproject the input raster but override the output projection.
