History

#1 - 2011-04-11 04:46 AM - Ivan Mincik

Confirmed on current Trunk, Debian Squeeze, Gnome.

When trying to override existing current string in console with string in clipboard, it will be always appended at the end of the line.

#2 - 2011-04-16 08:23 AM - Borys Jurgiel

Fixed in commit:a8c2cfc2 (SVN r15730). Now it's appended at the end only if either: the pasted text is multi-line or is going to be pasted not to the last line.

#3 - 2011-04-16 08:23 AM - Borys Jurgiel

- Resolution set to fixed

- Status changed from Open to Closed
