

QGIS Application - Bug report #3745
Delimited text layer not loaded when using relative paths

2011-04-15 11:50 AM - Goyo D

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Project Loading/Saving	
Affected QGIS version:		Regression?: No
Operating System:	Debian	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 13804
Description		
Steps to reproduce: 1. Create a new project. 1. Set save paths to relative in project properties. 1. Load a delimited text layer. 1. Save and close the project. 1. Open the project again. 1. The Handle bad layers dialog says complaints about the layer. Find attached an archive with: sample project, text layer and screenshots of import settings and bad layers dialog.
