

QGIS Application - Feature request #378

legend in map composer: only visible categories

2006-11-10 06:58 AM - lami-faunalia-it -

Status: Closed	
Priority: Low	
Assignee: Redmine Admin	
Category:	
Pull Request or Patch supplied:	Resolution: fixed
Easy fix?: No	Copied to github as #: 10437
Description	
It would be good if the legend in map composer could show (at user's choice) only the categories actually present on the frame printed. It is sometimes odd to see lots of categories not present in the printout.
