QGIS Application - Bug report #3798
can't add csv files in trunk/linux, trough the "add vector" dialog

2011-05-04 11:31 AM - Giovanni Manghi

Status:	Closed		
Priority:	Low		
Assignee:			
Category:	Vectors		
Affected QGIS version:		**Regression?:**	No
Operating System:	Debian	**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	invalid
Crashes QGIS or corrupts data:		**Copied to github as #:**	13856

Description

it works under trunk/windows.

The message is "datasource not recognized". I'm under Ubuntu 10.04.

History

#1 - 2011-05-10 09:54 AM - Giovanni Manghi

- Resolution set to invalid

- Status changed from Open to Closed

gdal/ogr >= 1.7 is needed, so if one is using the nightly builds repo under Ubuntu qgis comes compiled against gdal 1.6.
