

QGIS Application - Feature request #3805

Snapping for select and info tools

2011-05-08 03:00 AM - Alister Hood

Status:	Open	
Priority:	Low	
Assignee:	nobody -	
Category:	GUI	
Pull Request or Patch supplied:	No	Resolution:
Easy fix?:	No	Copied to github as #: 13863
Description		
It would be good if the snapping settings were applied for the info tool and the select single feature tool.		
As far as I can tell there is currently no snapping for the select single feature tool, and snapping for the info tool is controlled by the "search radius" setting, which is not very user friendly.
