QGIS Application - Bug report #394
layer properties: column names always start with a capital letter

2006-11-15 07:07 AM - Redmine Admin

Status:	Closed		
Priority:	Low		
Assignee:	Marco Hugentobler		
Category:	Map Legend		
Affected QGIS version:		**Regression?:**	No
Operating System:	Debian	**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	fixed
Crashes QGIS or corrupts data:		**Copied to github as #:**	10453

Description

Load a vector layer and go to Layer Properties > Symbology > Legend type = Unique Value > Classification Field to see that.

This is wrong. QGIS must display the column names as they are. Currently, eg., instead of column names "along", "x", "y" QGIS displays "Along", "X", "Y".
