Pull Request or Patch supplied:		**Resolution:**		
Crashes QGIS or corrupts data:		**Copied to github as #:**	13963	

Description

If start point and stop point are equal or if distance between start point and end point less Topology Tolerance setting then Road Graph plugin not work with message "path not found"

I attach path. After apply Road Graph plugin will be show it as a path with zero-distance.

This path can applied to master branch and release-1_7_0 branch
