QGIS Application - Bug report #400
Postgres connection doesn't allow certain passwords

2006-11-17 09:50 PM - Gary Sherman

Status:	Closed			
Priority:	Low			
Assignee:	Gavin Macaulay -			
Category:	GUI			
Affected QGIS version:			**Regression?:**	No
Operating System:	All		**Easy fix?:**	No
Pull Request or Patch supplied:			**Resolution:**	fixed
Crashes QGIS or corrupts data:			**Copied to github as #:**	10459

Description

It appears that passwords with spaces in them (and possible quotes) are not accepted by the [[PostgreSQL]] connection dialog. The password should be escaped(?) and quoted before sending to the [[PostgreSQL]] backend.

History

- Resolution set to fixed

- Status changed from Open to Closed

Fixed in svn commit:dfe84921 (SVN r6114), although I don't have a database that uses passwords to test it out on. In any case, qgis now sends properly escaped and quoted passwords to the database now.
