

QGIS Redmine (QGIS bug tracker) - Feature request #4067

Voting support on issues

Description		
<p>I think it would give devs a good indication how much support there is for a idea or how many people want a bug fixed. Not that it should be the only driver but it's still a handy metric to know.</p> <p>There seems to be a few Redmine voting plugins floating around the net, I think using one on qgis issue list would be a good idea.</p>
