QGIS Plugin Site - Bug report #4095
listing experimental plugins shows same plugin several times

2011-07-18 11:56 PM - Richard Duivenvoorde

Pull Request or Patch supplied:	No

Description

Last weeks I uploaded some versions of my experimental svg-plugin.

Now as an anonymous user(!), I look at the list of experimental plugins I see the svg plugin mentioned 3 times (all with version 0.4) (see screenshot attachement).

Looks like there is something wrong with this query?
