QGIS Application - Bug report #4187 "Check QGIS Version" dialog has bad data

2011-08-17 07:07 PM - Aren Cambre

Status: Closed Priority: Normal

Assignee:

Category: GUI

Affected QGIS version:

Operating System: Windows

Pull Request or Patch supplied:

Crashes QGIS or corrupts data:

Regression?: No

Resolution: fixed

Copied to github as #: 14162

Description

I am running QGIS 1.7.0 final release as downloaded from the QGIS web site.

When I do Help > Check QGIS Version and also when I press OK on the dialog, I get what's in the attached images.

The problem is the dialogs say I am using 1.6.0 and a development version when in fact I am using 1.7.0 and a final release.

History

#1 - 2011-08-17 10:41 PM - Jürgen Fischer

- Resolution set to fixed
- Status changed from Open to Closed

already fixed in commit:95517458679369aaed2127c4ac0b289fb9b94a82
