QGIS Plugin Site - Bug report #4254
trivial plugin list style issue

2011-09-02 07:00 AM - Giuseppe Sucameli

Status:	Closed
Priority:	Low
Assignee:	
Category:	
Pull Request or Patch supplied:	Yes

Description

In the plugin list the background of the label containing the plugin descriptions is always white.

To avoid confusion, I think it should be the same color of the plugin background:

white or gray like the plugin, based on the plugin position on the list (even or odd).

Patch is attached.
