

QGIS Application - Bug report #431

PostgreSQL Query Builder can't handle quoted schemas

2006-12-07 07:40 AM - hartmut-tschauner-gmail-com -

Status: Closed	
Priority: Low	
Assignee: Gavin Macaulay -	
Category: Build/Install	
Affected QGIS version:	Regression?: No
Operating System: Windows	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 10490

Description

It was me who asked for [[PostgreSQL]] quoted schemas. I got [[PostgreSQL]] quoted schemas the next day. Unfortunately, they seem to have had an unintended side effect. Apparently, the [[PostgreSQL]] Query Builder cannot handle the quotes. It fails to populate the field list (for any table, not just the ones with blanks or special characters in their names) and therefore doesn't work anymore.

History

#1 - 2006-12-07 12:57 PM - Gavin Macaulay -

- Resolution set to fixed
- Status changed from Open to Closed

Fixed in svn . Hopefully there are no other places that I've forgotten.
