

QGIS Application - Feature request #4615

Add "SpatialLite" in list of choices in "save as"

Pull Request or Patch supplied:	Resolution: fixed
Easy fix?: No	Copied to github as #: 14518
Description	
After reported Bug #4614.	
I ask here to add "Spatialite" format to the "Save as" list of choices when you right click on a layer.	
Adding manually "SPATIALITE=YES" (look Bug #4614) is not intuitive, it's an hidden feature, and saving directly to spatialite is a very good option I think.	

History

#1 - 2011-12-06 03:31 AM - Alexander Bruy

IMHO this is not necessary, because saving as SpatialLite already possible. Adding creation options is not hidden option, if users don't know anything about this options - then users SHOULD read appropriate docs

#2 - 2011-12-06 02:46 PM - Jürgen Fischer

- Resolution set to fixed

- Status changed from Open to Closed

implemented in commit:7c393cc9b4f740cca369db0b94132b51e7219500

#3 - 2011-12-07 02:47 AM - Patrice Vetsel -

Thanks Jürgen Fischer :)
